Purchasing Language Sole Source

MBE/WBE This contract will be awarded in compliance with Chapter 2 9D of the City Code (Minority Owned and Women Owned Business Enterprise Procurement Program) No subcontracting opportunities were identified therefore no goals were established for this solicitation

This contract will include the purchase and installation of replacement fill media for the Marley Cooling Tower at the Austin Convention Center The cooling tower was installed in 1992 as part of the original construction The cooling tower chills the condenser water to the main chillers providing air conditioning to the original areas of the Convention Center The fill media is not allowing the cooling tower to operate properly and requires replacement

This sole source contract will provide fill media as originally installed by the Marley Cooling Towers manufacturer SPX Cooling Technologies The installation of this cooling tower component must be made by Marley factory approved personnel in order to insure the factory warranty Installation will be provided by Roy C Garrett Inc the only manufacturer authorized dealer for the central and southwest Texas region
